STRIKE OF STREET CAR EMPLOYEES IS IMMINENT

Final Action Will Be Taken Tonight at Meeting to be Held in Old City Hall, Pittsburg.

A big strike of the operatives of the Pittsburg Railways company is imminent. Within the next 24 hours, unless one side or the other recedes from positions already taken, all the street railway lines in Pittsburg including the Pittsburg and Charleroi line, may be tied up. Both the operatives and the company have presented an ultimatum in the demand for an increase of pay, and the former will vote tonight in Old City Hall, in Pittsburg whether they will strike or not. If they strike, they will cease work at midnight.

This action is the result of a demand for an increase in pay made some time ago before the time for signing the wage scale for the ensuing year. The operatives asked an increase ranging from 8 1-2 cents to 5 1-2 cents an hour, according to length of service. The company refused this increase, and offered to pay the same scale as last year. At a meeting of the operatives held about two weeks ago the offer of the company was rejected by an almost unanimous vote, less than 40 of the men be-

ing in favor of accepting last year's scale.

In the notices posted refusing the demand, the company stated that it had not been doing a profitable business last year, and that its receipts were considerably less than those of the preceding year, and that with business conditions no better the present outlook is not hopeful. They also stated that it was only with a view of keeping the old employees for the benefit of the service that it decided not to reduce wages this year. Under present conditions, the company, concludes, an increase is impossible.

A meeting of the operatives will be held at Old City Hall in Pittsburg this evening at 8 o'clock, when a vote to strike or not to strike will be taken. It is the opinion of those who are interested that the street car men will vote to strike, and that the company will endeavor to operate their lines with new employees. If the men vote to strike they will stop work at 12 o'clock tonight.

BURGESS RISBECK WILL STRICTLY ENFORCE THE LAW

Peddlers Not Allowed Here and All Who are Found will be Arrested.

MUST TAKE OUT LICENSE

Burgess Risbeck last evening heard his first case against a peddler, who had been making his rounds in Charleroi, selling to residents without a license. This person was John Mike, a Syrian. He was fined \$5 and costs or \$8.85.

Peddlers are tabooed in Charleroi, unless they take out the regular license for such privilege which is \$5 per day. This is a protection to the local merchants that is strictly enforced, and yesterday when it was learned that Mike was selling here, Chief of Police Albright got after him, and despite his elusiveness, finally succeeded in capturing him. After the hearing he did not want to pay the fine, but later decided differently.

Burgess Risbeck said this morning: "Peddlers must stay out of Charleroi. This law will be strictly enforced, and if any persons are found selling their goods here in open defiance of the ordinance, they will be taken up and fined from the minimum amount up to the maximum amounts. This is protection that the merchants of this place deserve, and I am going to see that justice is administered."

SHOOTING TOURNAMENT

Miss Oakley, World's Famous Shooter, Will be Here Tomorrow.

A big shooting tournament to be held in Charleroi tomorrow, under the auspices of the Charleroi Gun club. This event is free to the public, and will consist of exhibitions by some of the most expert rifle, shotgun and pistol shots in the world.

Chief among these experts will be Miss Annie Oakley, who is the champion woman shot of the world. Miss Oakley uses rifle, shotgun and pistol with equal facility, and performs some most marvelous feats. One of these is hitting 1 1-2 inch brass discs with a high power rifle. Last summer she made a record by hitting 1,016 of these small discs thrown in the air at a distance of 21 feet, using a Remington 25-calibre automatic rifle. A few weeks later she shot at 500 targets with a shotgun at a distance of 17 yards, breaking 453 of them.

In addition to Miss Oakley a number of other expert trap shooters will be present and give exhibitions. A practice shoot will be held from 10 until 2 o'clock, when the exhibitions will begin. Ladies are especially invited to attend the event.

LOCAL CLASS IS TENDERED PLACE

Mrs. Boblitt's Class Asked to Give Practical Demonstration at Celebration.

Mrs. H. C. Boblitt who, as a representative of the First Christian church of Charleroi, attended a conference of adult Bible school teachers in Pittsburg yesterday, was accorded a high honor by being asked to accept a place on the program at the centennial celebration of the denomination to be held in Pittsburg next October.

It was shown at the conference that Mrs. Boblitt has the largest Bible class of married women in the State, and one of the largest in the United States. The present enrollment is 110, which for a class composed wholly of married women is remarkable. The marked success of this class is what inspired those in charge of the centennial celebration to select it for a practical demonstration, and Mrs. Boblitt was asked to accept a place for an evening's program with her class and give an example of her method of work.

She will submit the matter to the class, and it is probable that the proposition will be accepted.

MACHALE HAS HIS PLAYERS OUT FOR FIRST PRACTICE

Good Showing Made and Prospects are Bright for a Good Team.

MORE MEN HAVE ARRIVED

The players who reported yesterday to the Charleroi baseball team in the P. A. and V. W. league, spent three hours in working out at the ball ground, and considering the condition of the grounds, and it being the first tryout, great progress was made. The players showed up in the best of form, and Manager MacHale professed himself pleased with the showing made by each one. There will be more in to-day, and it is expected that by the time for practice tomorrow all will be in shape. Word has been received from Quinn, whom MacHale had signed for first base, that he was sick, and would be unable to report for three weeks, or possibly longer. Another man will be secured to take his place.

Other players who have arrived to take up the preparatory work for the season are Wingard and Moore from Altoona, Hart from Dubois, and Stewart from Washington.

The dance at the Bank of Charleroi Hall last night was largely attended and a snug sum was realized for the team.

TAXES FOR \$327 EXONERATED

City Instructed to Prepare Book for Listing Tax Liens.

Previous to the joint session of that body and the school board to finish up the exoneration list the solicitor was instructed to make a list of the tax liens that are collectable. The clerk was also instructed to secure a book for the listing of these liens. The exoneration list was finished up, and Collector Parsons was exonerated from paying to the treasurer \$327.63.

There was some other business done, among which was giving the street committee power to act in placing a sewer on Shady avenue and Third street, and the hearing of inventory reports of different committees. It was stated that the treasurer's bond had not been filed yet, and the finance committee was given charge of the matter for investigation. Councilman Schmeier reported that arrangements had been made for placing telephones in the homes of the policemen.

Special for this week, 9x12 Brussels Rugs \$12.00, \$15.00. Correll and Crowley. The best place to buy furniture.

UNUSUAL RECORD ON PENNSYLVANIA

Ninety Five Per Cent. of Trains Traveled On Schedule Time.

Ninety-five per cent of the 8,764 trains operated on the Western Pennsylvania Division of the Pennsylvania Railroad, consisting of the main line and branches west of Altoona, in March arrived at their destinations "on time," according to a report issued today by the General Superintendent at Pittsburg.

Of the total number of trains operated on this division in March 8,568, or 98 per cent., made schedule time, though 252 of these trains did not arrive on time. Two hundred and twenty-six trains, or about three per cent. of the total, lost time.

These records derive added significance from the fact that 5,421, or 65 per cent. of all the trains operated on the Western Pennsylvania Division in March, and over the Pittsburg Division, which has the heaviest grades on the Pennsylvania System, and 92 per cent. of these trains were on time. The Conemaugh Division operated 2,442 trains and had 99 per cent. of them on time, while the Monongahela Division had 95 per cent. of its 901 trains on time.

JURY IS UNABLE TO LEARN CAUSE OF SWIHART'S DEATH

Recommends That Further Investigation be Made and Coroner Heffran Will Act Accordingly.

The coroner's jury which inquired into the circumstances concerning the death of William Swihart at Zollarsville yesterday did not succeed in discovering the cause of death, and in the verdict returned, after the testimony of several witnesses had been taken, recommended that the strange case be further investigated. The verdict of the jury follows:

"We find that William Swihart came to his death from a cause unknown to us on or about February 17, 1909, at or near East Marianna. We also recommend that further investigation be made in the case."

Coroner Heffran, who conducted the investigation called a number of witnesses, several of whom had been with Swihart the night of his strange disappearance. Several of them testified that Swihart carried considerable money. It was practically established that Swihart drank with others at a speakeasy run by an Italian, and more than one witness testified to the ill

effects of the liquor dispensed in the illicit booze shop.

Dr. W. A. McColl, who made a thorough examination of the body, testified that it had been in the water so long that it was impossible to tell whether or not death was due to drowning.

There is little doubt, according to the testimony of several witnesses, that Swihart went to sleep and slept for some time in a negro shanty and left there late at night. Just how the unfortunate man met death may never be known.

Acting on the recommendation of the jury Coroner Heffran will make further investigation.

As soon as Mr. Heffran was notified of the finding of the body he made an effort to locate one Hiram Stiles, a coal and iron policeman at Marianna at the time of Swihart's disappearance. It is thought now that Swihart's body has been found Stiles may be able to throw some additional light on the tragedy.

AMENDMENTS TO BILL IN NAOMI MINE DISPUTE CALL FORTH OPINION

Suit Entered For \$15,000 Damages

Said to Have Grown Out of Alleged Trespass of Street Rail

Fayette County Judge Passes On Coal Company-- Moore Case.

Suit in the sum of \$15,000 was entered yesterday at Washington by Manson T. and Nellie I. McCleary against the Washington and Canonsburg Railway company. The bill of particulars has as yet not been filed but it is understood the suit grows out of an alleged trespass.

TAKE ACTION TO PREVENT EPIDEMIC

Bentleyville Schools and Churches are Closed For a Time.

Acting under orders from the Bentleyville board of health the public schools of that place have been closed temporarily and no church services or other public meetings will be held in the town. The action of the health board is the result of a threatened epidemic of scarlet fever.

On Sunday, April 11, Cora Mosier, daughter of William Mosier, was taken ill while attending church services. The attending physician diagnosed her case as a combination of scarlet fever and diphtheria. The little girl, who was 14 years of age, was critically ill from the first and died on Wednesday of last week.

It was thought advisable to close the schools and orders were given that no church services be held last Sunday.

It is stated that there are now four cases of scarlet fever in the town.

The precautionary measures which were promptly taken, it is believed, will prevent an epidemic in the community.

MAKES CHANGE IN TIME

In the case of the Naomi Coal company against Elizabeth S. Moore, in the Fayette county courts, Judge Van Swearingen has handed down an additional opinion covering the later developments of the cases. The opinion decrees that an amendment be allowed to the plaintiff's statement, the same to date back to the filing of the original bill; that the plaintiff pay whatever costs may have accrued, that would have been unnecessary if the original bill had been properly drawn, and that the defendant file such other pleading as he may desire within the next 20 days.

The case grows out of a dispute over the lease of the Naomi mines, owned by Mrs. Moore. The plaintiff, last year, filed equity suit seeking to restrain Mrs. Moore from terminating the lease. The defendant denied that the plaintiff was entitled to equitable relief, contending that another remedy at law had been provided. In December the court filed an opinion dismissing the bill, but exceptions were taken, petition for an amendment made and allowed and new features introduced which brought the case again before the court, resulting in the more recent opinion.

Like the Baseball Code.

In framing the new school code some of the commission must have been familiar with professional baseball ethics, as observed by the National commission. A provision of the school code is that a teacher who signs up with a school board cannot leave the job for another that pays more money. If a teacher jumps a contract he or she cannot teach anywhere else in the State for the remainder of the year.

This is a wise provision, and one that will protect school boards from one of their greatest sources of annoyance. There is scarcely a school district but what has had to contend with teachers resigning because other schools offered them more money. It was a common practice for school boards and principals, whenever a vacancy occurred, to look over other schools, pick out the best teacher, and by an offer of more salary rob the school of a good instructor, and work demoralization in the whole school organization. All this will be changed if the Governor signs the new school code, and contract jumpers will find themselves in the outlaw class.

Another wise provision of the new code is that no teacher can teach for more than five years on a provisional certificate. A number of other stringent provisions will raise a higher standard for teachers.

A Valuable Production.

The Mail is in receipt of the Fifteenth Anniversary number of the Canonsburg Notes, which was issued last Saturday. The number is composed of six sections, with a total of fifty-two pages. It is profusely illustrated, and composition and press work, as well as the entire issue, is the product of the Notes publishing plant. Not only is the number a meritorious piece of work from a mechanical and artistic point of view, but its literary merit is of the highest order. It is a historical presentation of the material and moral development of Canonsburg, and is a most valuable addition to the annals of that neighborhood.

A Chance to Reciprocate.

With all the demands that are being made upon Charleroi merchants and business people by the sporting fraternity of the community, the latter should not forget that there is such a word as reciprocity. This lack of appreciation was strikingly manifested on a trolley car recently, where an organized baseball club of the town alighted from a return trip from Pittsburg, with an outfit of uniforms, shoes, bats and other paraphernalia, the wrappings of which bore the name of Pittsburg department store. Not only will this club appeal to the Charleroi public for support, but in all probability it will circulate a paper asking for donations to help pay for uniforms and equipment. If it does not, it will be the exception.

Charleroi merchants are most liberal when it comes to donating prizes and subscriptions for athletics, but they should insist on a fair deal. Not all of those who donate deal in sporting goods or apparel, but they should protect one another and insist upon reciprocity. A good plan is to ask, where outfits and equipment are purchased, and what those who ask for donations propose to do for the merchants. The business people here are entitled to a square deal.

Republican Harmony.

One of the unexpected results of the late session of the Legislature is the complete harmony which now prevails in the Republican party and organization of the State. In general all party pledges were fulfilled; the dissatisfied elements within the ranks have been pacified, and those who are inclined to stir up trouble have been left without standing room for complaint. At no time during the past twenty-five years has such complete harmony reigned.

This is as it should be. Pennsylvania is distinctively a Republican State. Its great industrial prosperity is largely due to the Republican policy of protection, and the great manufacturing Pittsburg district, of which Charleroi is a part, is one of the chief beneficiaries. Both our United States Senators are experts in tariff affairs and in manufacturing, and with no factional disturbances in the management of State affairs, unswerving prosperity should be in store for the people of the Commonwealth.

Electric Sparks.

Now that we've found out that theatre-going is consistent with the Christian profession, provided that the plays are the right kind, it is up to us to see that the immoral and un-elevating ones are killed.

The doings at the ball park yesterday are nothing to the antics that the fellows will cut when they get down to good hard work.

A good many people if they could get their names in the papers like some of the school children in this section, by merely attending the school sessions every day, would go for a life time.

Whew, and again whew. Just think of the record the Pennsylvania made in the past month, ninety-eight per cent. of the trains made schedule time in their runs. Well, we don't know but what the company's all right after all. However, we would praise them more if they would start building our new station tomorrow.

Some fellows haven't got their new suits yet, because they want to know whether the style is to be cuffless trousers or not.

Railroad Must Fix Road.

Judge Taylor decided in court that the Pittsburg, Monongahela and Southern Railroad company, a subsidiary concern of the Pennsylvania, must repair a road in East Bethlehem township, which it appropriated in constructing a road. The court orders payment of damages to the township, and requires the railroad to give bond for the maintenance of the road.

Sunday School Class Organizes.

The Adelpian Bible class of the First Christian church, of which Miss Belle Parsons is teacher, held a meeting last night in the study of the church for the purpose of effecting a regular class organization. A constitution was adopted and committees appointed for regular and effective work. The class is composed of young men who take a most active interest in the work.

The Pyrophore.

A living light, called the pyrophore, makes illumination cheap and convenient in Brazil. The pyrophore is a mouster grely, an inch and a half long. With one it is possible to read fine print, and three will light a room. The Brazilian peasant, when he traverses by night the perilous forest paths of his country, fastens to each shoe a pyrophore. Thus illuminated, he has no difficulty in avoiding poisonous snakes, pitfalls and wild beasts. The Brazilian coquette fastens in her hair or her corsage a pyrophore incased in white tulle. The effect is as of a great luminous pearl or opal. When a pyrophore's light goes out it is not necessary to fill him up with oil, to drop a coin in him or to throw him away, but a moment's ducking in cold water suffices. Thereafter his three little lanterns, one on the breast and two on the back, emit again as bright a radiance as ever. The pyrophore, as all nature students know, is called vulgarly cuengo, but scientifically the name is Coleopterus serricornis sternose claterides.—Cincinnati Enquirer.

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound, so I began to take it, and am well again and relieved of all my suffering.—Mrs. Groner Jony, Box 40, Marton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Gardiner, Maine.—"I was a great sufferer from a female disease and weakness. The doctor said I would have to go to the hospital for an operation but I could not bear to think of it. Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. Williams, R.F.D. No. 14, Box 30, Gardiner, Me.

So. West Harbor, Me.—"I suffered for years with painful periods, backache, headaches, nervousness, irregularities and inflammation. I consulted two physicians and one advised me to have an operation.

"I was completely discouraged when I decided to try Lydia E. Pinkham's Vegetable Compound, and it has made me a well woman. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Lillian Robbins, South West Harbor, Me.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

THE EDUCATED FISH.

An Interesting Toy That Any Clever Boy Can Make at Home.

Are you fond of making your own toys? If so, here is an interesting one for you to work on.

First empty a raw egg by means of two pin holes, one at each end, and then blow through one end. Seal the hole at the point end of the egg and draw two large round eyes at that end of the eggshell. Prepare a little bag with two red flannel strips in the shape of the body and tail of a fish. Weigh this with shot and place one-half of the egg in the opening, the small hole in front of the egg being hidden in the bag. Fasten the edges of the sack to

DETAILS OF FISH TOY.

the egg by means of red sealing wax, and, lo, a fish is formed—a fish that can swim and dive in a jar of water!

The jar must be closed by a thin rubber cap, and if you press this cap with your hand the water (the jar must be full) will force its way up the empty shell, and by increasing or decreasing the pressure with your hand you can make it appear as though the fish were obeying your command to swim up or down or to lie quiet.—Magical Experiments.

OLD TIME GAMES.

Children of Today Enjoy Same Sports as Youth of Long Ago.

The boys and girls of the present day who become enthusiastic over the newest games would be surprised if they could discover how closely many of the old time pastimes resemble our own, says the Chicago News.

The Eskimos of the frozen north, the Tupinambas of the Brazilian pampas, the gamblers of the Paris streets, the boys and girls of London, of Boston and of Philadelphia, have one kindred tie—the love of sport. There is nothing new under the sun, said the wise man, and especially is there nothing new in youthful games.

Archaeologists have found dolls in Egyptian pyramids and on prehistoric tombs, the name of a popular ball club was found scratched upon the outer walls of Pompeian houses, and one of the most exciting matches on record was the one stubbornly fought between the rival nines of Montezuma, king of Mexico, and Nezahualpilli, 'tzin of Tezcuco.

The boys of ancient Greece and Rome played at whip top, and quoits, and baseball, and pitch penny, and blind man's buff, and hide and seek, and jackstones, and follow my leader, just as do the boys of today. The girls were experts at seesaw, and swinging, and dancing, and grace hoops, and dice throwing, and ball play, and in Sparta even at running, wrestling and leaping. Tobogganing is as old as ice and snow, and when you play at cherry pits you are only doing what Nero and Commodus and young Themistocles did ages ago in Rome and in Athens.

Facts Worth Knowing.

There are 2,751 languages. Envelopes were first used in 1830. Telescopes were invented in 1500.

The first steel pen was made in 1830. Watches were first constructed in 1470.

The first iron steamship was built in 1830.

The first lucifer match was made in 1829.

Gold was discovered in California in 1848.

Coaches were first used in England in 1560.

Modern needles first came into use in 1545.

Kerosene was first used for lighting purposes in 1826.—Philadelphia Ledger.

Riddlemease.

Why is the letter S like thunder? It makes "our" cream "sour" cream.

Why are records brittle things? Because they cannot be lowered without breaking.

Why when you paint a man's portrait may you be said to step into his shoes? Because you make his feet yours (features).

When is coffee like soil? When it is ground.

Why cannot a person starve on the beach in Atlantic City? Because of the "sand-which" is there.

Wonder-Heart.

"I wish I knew," said Wonder-Heart.

"If leaves begin to whisper From tree to tree when suddenly The summer winds blow crispier.

If these sigh low, 'We're growing old.' If these say soft, 'We're gathering gold. Our laps are full as they will hold.

And now and then a whisper Calls gleefully from overhead, 'Our petticoats are turning red.'

"I want to know," said Wonder-Heart.

"If the first snowflakes shiver A little bit before they flit Out of their sky forever.

If some look down and sob, 'Too deep!' While others laugh and take the leap, Till all come knocking, white as sheep.

On mountain, field and river, How do they feel when first they start? I wish I knew," said Wonder-Heart.

ECZEMA LODGES IN THE SKIN

Not a Blood Disease—Cured by Oil of Wintergreen Compound.

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen, thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take away the itch at once; soon the scales drop away and the disease disappears. The prescription has now been used so long as to have proven its absolute merit and we do not hesitate to express our confidence in D. D. D. Prescription as used with D. D. D. Soap.

LOCAL NOTES

Brief Mention of People and Events in this Community.

Watch Sherlock Holmes, at the Lilliputian shows.

Mrs. G. G. Kerr and son have gone to Dickerson Run, Fayette county where they will be the guests of Mrs. Kerr's parents.

Mrs. John Coulter is spending the day in Pittsburgh, transacting business.

Miss Sarah Booth is a Pittsburgh visitor today.

Thomas Clohan of Wheeling, W. Va., is here spending a few days with friends.

Rev. Wellington G. Carl, who recently assumed the pastorate of the First Baptist church at Monongahela, visited friends in Charleroi yesterday.

Marino Cappellini, the 8-year-old son of Armando Cappellini, who is employed at the barber shop at 533 McKean avenue, fell from a passing wagon on which he had clambered yesterday evening, and the wheel of the vehicle passed over his body. The fall was carried into Regan and Hormell's plumbing shop, and Dr. Edwin McKay was called. The latter found the boy to be somewhat bruised but not seriously injured.

The Lilliputian Cantata.

This is a juvenile fairy opera in three acts which will be presented at the School Hall on April 22 and 23 by 200 of our most talented young people. We wish to call special attention to the \$500.00 worth of special scenery which is brought here for this production comprising 16 drop curtains and set pieces. The first act represents the deck of a steam yacht, painted in brilliant colors. During the action of the play the effect is heightened by the display of naval signal flags, including the celebrated signal, "Remember the Maine;" the second act introduces a submarine scene, a new and decidedly magnificent spectacle, showing the bottom of the ocean and diver in full diving costume, in combat with a large shark. The third act represents a dreary cave which at the arrival of a fierce dragon is transformed into Aurora's sparkling grotto. The pretty story is told in verse and by means of twenty bright catchy musical numbers. It is clean and morally pure, sparkling with pretty situations, brilliant music, and is delightfully sweet in its simplicity, all with calcium light effects and changing colors. Get your tickets early.

Big Revival at Monongahela.

Under the auspices of the ministerial association, a series of evangelistic meetings started at Monongahela Sunday. The rink has been fitted up for an auditorium, and the services of two noted evangelists secured for the campaign. These are Messrs. Davis and Mills, the first of whom is a preacher of great power, while the latter is a singer of rare talent. It is expected that the series of meetings will result in a big impetus of church work and influence in Monongahela.

Whiskey is a good friend but a poor master. Used in moderation it cheers, inspires and strengthens men. In this gray world why may we not touch elbows with our neighbors occasionally in a social glass? Why may we not make reasonable use of that prince of whiskies, J. W. Harper. Sold by W. H. Zellers. 20643wtf

Rev. Carl Back in the Valley.

Rev. W. G. Carl, pastor of the First Baptist church in Monongahela, entered upon his work there Sunday. Rev. Carl was formerly of the First Baptist church of Charleroi, and has many friends here who are glad to see him return to the community. His last pastorate was at Kane, Pa.

Porter.

Mrs. George Porter, aged 20 years, died at her home in Atlanta, Georgia, yesterday afternoon at 3:25 o'clock, after a several months illness. The news was received in Charleroi this morning. Mrs. Porter was the daughter-in-law of Mr. and Mrs. John Porter of Washington avenue. Upon hearing of her severe illness Sunday Mrs. Porter left for Atlanta, but did not arrive before the death of the former.

SEVERAL ENTER PLEAS

Sentences of Fines, With Costs and Many Days in Jail Imposed.

Robert Rose and William Duvall of Charleroi entered pleas of guilty yesterday at Washington to larceny. They were charged with stealing several chickens and a turkey from the slaughter house of J. C. Lowstutter. The defendants denied stealing any of Mr. Lowstutter's chickens, but admitted the theft of seven other chickens from another party. They were each sentenced to pay the costs, a fine of \$1 and undergo imprisonment in the county jail for 60 days.

Gabor Petros and John Korpes admitted the charge of assault and battery. The private prosecutor was M. J. Kelly and the trouble occurred on a train between Monongahela and Ellsworth, when the defendants insisted in sitting on Kelly's lap. They said Kelly struck them first and then they struck back, and a fight started. They were sentenced to pay the costs, a fine of \$1 and undergo imprisonment in the county jail for 60 days.

James Karious, an elderly man, plead guilty to the charge of malicious mischief. While drunk he entering a yard in West Brownsville broke up some flower pots, and otherwise damaged the premises. He was sentenced to pay the costs, a fine of \$1 and go to jail for 30 days.

William Harrison of Westland entered a plea to the charge of keeping a disorderly house, the private prosecutrix being Annie Davis. He was fined \$1 and costs, and sentenced to jail for 30 days.

Beallsville.

Mrs. Carey Walker and daughter, Miss Millicent, of Colerain, Ohio were guests of Mrs. Rachel Odert, Friday. Sheelbazzar Richardson and Mrs. Jane Johnston of Kansas City, are visiting relatives and friends in this section. Mr. Richardson moved from Bentleyville to Kansas City 25 years ago, and this is his first visit to his native county since. It has been 13 years since Mrs. Johnston visited this section. Both note many changes, especially in Bentleyville. They will remain for about two weeks.

George Jenkins, State engineer, on the new Sproul road, has returned to his work after an absence of several months. He is accompanied by Engineers MacGinnis and Collins. Work has been started on Peterman's hill, north of this place, the grading and filling being done. After this has been completed the work will be on the Beallsville-Bentleyville road.

Mrs. John Gettman was the guest of friends at Monongahela, Saturday. Mrs. William Marker, of California, visited among Beallsville friends, Friday.

Mrs. Terrence Keegan was a visitor at Washington, Friday.

Mr. and Mrs. C. S. VanVoorhis who spent the past winter in Florida, have returned and are guests of Mr. and Mrs. A. M. Hosac of Scenery Hill.

S. B. Mitchell of Magnolia, Putnam county, Illinois, after spending several weeks with his sister, Mrs. Julia A. Hough of this place, is visiting Dr. W. W. Sprowls of Houston. Mr. Mitchell was born at Bentleyville where he spent his early life. He removed to Illinois in 1887 and has been a resident of that State ever since. Mr. Mitchell was a full cousin of the late United States Senator, John H. Mitchell, of Oregon, who was also born in this neighborhood.

Funeral services over the remains of George Reuben Smith of Centerville borough, were held in the Beallsville M. E. church on Sunday. Interment was made in the Beallsville cemetery. Mr. Smith died Thursday night of blood poisoning, caused by a briar. He was 59 years old. He is survived by his wife and several children.

Mrs. James Layburn, Sr., of Canonsburg, is visiting her daughter, Mrs. George Hinton, Main street.

Mrs. Emma Vernon spent Friday with her daughter, Mrs. Keys, of Charleroi, who has been ill for several weeks, but is now improving.

J. A. Odert of Charleroi, and Mrs. Isaac Cleaver of Indianapolis, Ind., visited the latter's mother, Mrs. C. H. Keys, Sunday.

Mrs. Irene Greenfield of Odell, is visiting her grandparents, Mr. and Mrs. Eli Greenfield, of this place.

STRIKE OF STREET CAR EMPLOYES IS IMMINENT

Final Action Will Be Taken Tonight at Meeting to be Held in Old City Hall, Pittsburg.

A big strike of the operatives of the Pittsburg Railway company is imminent. Within the next 24 hours, unless one side or the other recedes from positions already taken, all the street railway lines in Pittsburg including the Pittsburg and Charleroi line, may be tied up. Both the operatives and the company have presented an ultimatum in the demand for an increase of pay, and the former will vote tonight in Old City Hall, in Pittsburg whether they will strike or not. If they strike, they will cease work at midnight.

This action is the result of a demand for an increase in pay made some time ago before the time for signing the wage scale for the ensuing year. The operatives asked an increase ranging from 2 1-2 cents to 5 1-2 cents an hour, according to length of service. The company refused this increase, and offered to pay the same scale as last year. At a meeting of the operatives held about two weeks ago the offer of the company was rejected by an almost unanimous vote, less than 40 of the men being in favor of accepting last year's scale.

In the notices posted refusing the demand, the company stated that it had not been doing a profitable business last year, and that its receipts for the preceding year, and that with business conditions no better the present outlook is not hopeful. They also stated that it was only with a view of keeping the old employees for the benefit of the service that it decided not to reduce wages this year. Under present conditions, the company, concludes, an increase is impossible.

A meeting of the operatives will be held at Old City Hall in Pittsburg this evening at 8 o'clock, when a vote to strike or not to strike will be taken. It is the opinion of those who are interested that the street car men will vote to strike, and that the company will endeavor to operate their lines with new employees. If the men vote to strike they will stop work at 10 o'clock tonight.

CORONER INVESTIGATING INTO DEATH OF DROWNED MAN

Considerable Mystery Attached to Case, Which it is Hoped to Solve.

BODY FOUND SATURDAY

Deputy Coroner Correll, of Fayette City is investigating the manner in which John Seutlek, a Slav, who lived near the Alice mines came to his death on February 6. The body was found on Saturday and brought to the undertaking rooms of Correll and Crowley in Charleroi, from whence it was buried. The informant was in the Calvary cemetery at Charleroi.

The foreigner was last seen when with a companion on the night of February 6th he left the shore in a skiff from the Washington county side of the river near Roscoe, to return to his home. When the skiff arrived at the other side Seutlek was missing. The companion stated that he did not know when Seutlek had gone out of the skiff.

There are two probable causes for the man's death. He either fell out of the skiff unnoticed by his companion, or the other committed a murder. That is the problem that Deputy Coroner Correll is now trying to solve.

It is likely that an inquest will be held this week, after all possible data is at hand and witnesses secured.

BURGESS RISBECK WILL STRICTLY ENFORCE THE LAW

Peddlers Not Allowed Here and All Who are Found will be Arrested.

MUST TAKE OUT LICENSE

Burgess Risbeck last evening heard who had been making his rounds in Charleroi, selling to residents without a license. This person was John Mike, a Syrian. He was fined \$5 and costs of \$6.85.

Peddlers are tabooed in Charleroi, unless they take out the regular license for such privilege which is \$5 per day. This is a protection to the local merchants that is strictly enforced, and yesterday when it was learned that Mike was selling here, Chief of Police Albright got after him, and despite his elusiveness, finally succeeded in capturing him. After the hearing he did not want to pay the fine, but later decided differently.

Burgess Risbeck said this morning: "Peddlers must stay out of Charleroi. This law will be strictly enforced, and if any persons are found selling their goods here in open defiance of the ordinance, they will be taken up and fined from the minimum amount up to the maximum amounts. This is protection that the merchants of this place deserve, and I am going to see that justice is administered."

SHOOTING TOURNAMENT

Miss Oakley, World's Famous Shooter, Will be Here Tomorrow.

Much interest is manifested in the big shooting tournament to be held in Charleroi tomorrow, under the auspices of the Charleroi Gun club. This event is free to the public, and will consist of exhibitions by some of the most expert rifle, shotgun and pistol shots in the world.

Chief among these experts will be Miss Annie Oakley, who is the champion woman shot of the world. Miss Oakley uses rifle, shotgun and pistol with equal facility, and performs some most marvelous feats. One of these is hitting 1 1-2 inch brass discs with a high power rifle. Last summer she made a record by hitting 1.016 of these small discs thrown in the air at a distance of 21 feet, using a Remington 25-calibre automatic rifle. A few weeks later she shot at 500 targets with a shotgun at a distance of 17 yards, breaking 483 of them.

In addition to Miss Oakley a number of other expert trap shooters will be present and give exhibitions. A practice shoot will be held from 10 until 2 o'clock, when the exhibitions will begin. Ladies are especially invited to attend the event.

LOCAL CLASS IS TENDERED PLACE

Mrs. Boblitt's Class Asked to Give Practical Demonstration at Celebration.

Mrs. H. C. Boblitt who, as a representative of the First Christian Church of Charleroi, attended a conference of adult Bible school teachers in Pittsburg yesterday, was accorded a high honor by being asked to accept a place on the program at the centennial celebration of the denomination to be held in Pittsburg next October.

It was shown at the conference that Mrs. Boblitt has the largest Bible class of married women in the State, and one of the largest in the United States. The present enrollment is 110, which for a class composed wholly of married women is remarkable. The marked success of this class is what inspired those in charge of the centennial celebration to select it for a practical demonstration, and Mrs. Boblitt was asked to accept a place for an evening's program with her class and give an example of the best method of work.

She will submit the matter to the Division, and it is probable that the proposition will be accepted.

MACHALE HAS HIS PLAYERS OUT FOR FIRST PRACTICE

Good Showing Made and Prospects are Bright for a Good Team.

MORE MEN HAVE ARRIVED

The players who reported yesterday to the Charleroi baseball team in the Pa. and V. Wa. league, spent three hours in working out at the ball ground, and considering the condition of the grounds, and it being the first tryout, great progress was made. The players showed up in the best of form, and Manager MacHale professed himself pleased with the showing made by each one. There will be more in to-day, and it is expected that by the time for practice tomorrow all will be in shape. Word has been received from Quinn, whom MacHale had signed for first base, that he was sick, and would be unable to report for three weeks, or possibly longer. Another man will be secured to take his place.

Other players who have arrived to take up the preparatory work for the season are Wingard and Moore from Altoona, Hart from Dubois, and Stewart from Washington.

The dance at the Bank of Charleroi Ball last night was largely attended and a snug sum was realized for the team.

TAXES FOR \$327 EXONERATED

Clerk Instructed to Prepare Book for Listing Tax Liens.

The exonerating of taxes last night previous to the joint session of that body and the school board to finish up the exoneration list the solicitor was instructed to make a list of the tax liens that are collectable. The clerk was also instructed to secure a book for the listing of these liens. The exoneration list was finished up, and Collector Parsons was exonerated from paying to the treasurer \$327.63.

There was some other business done, among which was giving the street committee power to act in placing a sewer on Shady avenue and Third street, and the hearing of inventory reports of different committees. It was stated that the treasurer's bond had not been filed yet, and the finance committee was given charge of the matter for investigation. Councilman Schmieler reported that arrangements had been made for placing telephones in the homes of the policemen.

UNUSUAL RECORD ON PENNSYLVANIA

Ninety Five Per Cent. of Trains Traveled On Schedule Time.

Ninety-five per cent of the 8,764 trains operated on the Western Pennsylvania Division of the Pennsylvania Railroad, consisting of the main line and branches west of Altoona, in March arrived at their destinations "on time," according to a report issued today by the General Superintendent at Pittsburg.

Of the total number of trains operated on this division in March 8,538, or 98 per cent, made schedule time, though 252 of these trains did not arrive on time. Two hundred and twenty-six trains, or about three per cent. of the total, lost time.

These records derive added significance from the fact that 5,421, or 65 per cent. of all the trains operated on the Western Pennsylvania Division in March, and over the Pittsburg Division, which has the heaviest grades on the Pennsylvania System, and 92 per cent. of these trains were on time. The Conemaugh Division operated 2,442 trains and had 99 per cent. of them on time, while the Monongahela Division had 95 per cent. of its 301 trains on time.

JURY IS UNABLE TO LEARN CAUSE OF SWIHART'S DEATH

Recommends That Further Investigation be Made and Coroner Heffran Will Act Accordingly.

The coroner's jury which inquired into the circumstances concerning the death of William Swihart at Zollarsville yesterday did not succeed in discovering the cause of death, and in the verdict returned, after the testimony of several witnesses had been taken, recommended that the strange case be further investigated. The verdict of the jury follows:

"We find that William Swihart came to his death from a cause unknown to us on or about February 17, 1909, at or near East Marianna. We also recommend that further investigation be made in the case."

Coroner Heffran, who conducted the investigation called a number of witnesses, several of whom had been with Swihart the night of his strange disappearance. Several of them testified that Swihart carried considerable money. It was practically established that Swihart drank with others at a speakeasy run by an Italian, and more may be able to throw some additional light on the tragedy.

There is little doubt, according to the testimony of several witnesses, that Swihart went to sleep and slept for some time in a negro shanty and left there late at night. Just how the unfortunate man met death may never be known.

Acting on the recommendation of the jury Coroner Heffran will make further investigation.

As soon as Mr. Heffran was notified of the finding of the body he made an effort to locate one Hiram Stiles, a coal and iron policeman at Marianna at the time of Swihart's disappearance. It is thought now that Swihart's body has been found Stiles speaks as if he was able to throw some additional light on the tragedy.

AMENDMENTS TO BILL IN NAOMI MINE DISPUTE CALL FORTH OPINION

Suit Entered For \$15,000 Damages

Fayette County Judge Passes On Coal Company--Moore Case.

Said to Have Grown Out of Alleged Trespass of Street Railway Company

MAKES CHANGE IN LIMIT

Suit in the sum of \$15,000 was entered yesterday at Washington by Manson I. and Nellie I. McCleary against the Washington and Cincoburg Railway company. The bill of particulars has as yet not been filed but it is understood the suit grows out of an alleged trespass.

In the case of the Naomi Coal company against Elizabeth S. Moore, in the Fayette county courts, Judge Van Swearingen has handed down an additional opinion covering the later developments of the cases. The opinion decrees that an amendment be allowed to the plaintiff's statement, the same to date back to the filing of the original bill; that the plaintiff pay whatever costs may have accrued, that would have been unnecessary if the original bill had been properly drawn and that the defendant file such other pleading as he may desire within the next 20 days.

TAKE ACTION TO PREVENT EPIDEMIC

Bentleyville Schools and Churches are Closed For a Time.

Acting under orders from the Bentleyville board of health the public schools of that place have been closed temporarily and no church services or other public meetings will be held in the town. The action of the health board is the result of a threatened epidemic of scarlet fever.

On Sunday, April 11, Cora Mosier, daughter of William Mosier, was taken ill while attending church services. The attending physician diagnosed her case as a combination of scarlet fever and diphtheria. The little girl, who was 14 years of age, was critically ill from the first and died on Wednesday of last week.

It was thought advisable to close the schools and orders were given that no church services be held last Sunday.

It is stated that there are now four cases of scarlet fever in the town.

The precautionary measures which were promptly taken, it is believed, will prevent an epidemic in the community.

Like the Baseball Code.

In framing the new school code some of the commission must have been familiar with professional baseball ethics, as observed by the National commission. A provision of the school code is that a teacher who signs up with a school board cannot leave the job for another that pays more money. If a teacher jumps a contract he or she cannot teach anywhere else in the State for the remainder of the year.

This is a wise provision, and one that will protect school boards from one of their greatest sources of annoyance. There is scarcely a school district but what has had to contend with teachers resigning because other schools offered them more money. It was a common practice for school boards and principals, whenever a vacancy occurred, to look over other schools, pick out the best teacher, and by an offer of more salary rob the school of a good instructor, and work demoralization in the whole school organization. All this will be changed if the Governor signs the new school code, and contract jumpers will find themselves in the outlaw class.

Another wise provision of the new code is that no teacher can teach for more than five years on a provisional certificate. A number of other stringent provisions will raise a higher standard for teachers.

A Valuable Production.

The Mail is in receipt of the Fifteenth Anniversary number of the Canonsburg Notes, which was issued last Saturday. The number is composed of six sections, with a total of fifty-two pages. It is profusely illustrated, and composition and press work, as well as the entire issue, is the product of the Notes publishing plant. Not only is the number a meritorious piece of work from a mechanical and artistic point of view, but its literary merit is of the highest order. It is a historical presentation of the material and moral development of Canonsburg, and is a most valuable addition to the annals of that neighborhood.

A Chance to Reciprocate.

With all the demands that are being made upon Charleroi merchants and business people by the sporting fraternity of the community, the latter should not forget that there is such a word as reciprocity. This lack of appreciation was strikingly manifested on a trolley car recently, where an organized baseball club of the town alighted from a return trip from Pittsburgh, with an outfit of uniforms, shoes, bats and other paraphernalia, the wrappings of which bore the name of Pittsburgh department store. Not only will this club appeal to the Charleroi public for support, but in all probability it will circulate a paper asking for donations to help pay for uniforms and equipment. If it does not, it will be the exception.

Charleroi merchants are most liberal when it comes to donating prizes and subscriptions for athletics, but they should insist on a fair deal. Not all of those who donate deal in sporting goods. Some are simply sportsmen who meet one another and insist upon reciprocity. A good plan is to ask, where outfits and equipment are purchased, and what those who ask for donations propose to do for the merchants. The business people here are entitled to a square deal.

Republican Harmony.

One of the unexpected results of the late session of the Legislature is the complete harmony which now prevails in the Republican party and organization of the State. In general all party pledges were fulfilled; the dissatisfied elements within the ranks have been pacified, and those who are inclined to stir up trouble have been left without standing room for complaint. At no time during the past twenty-five years has such complete harmony reigned.

This is as it should be. Pennsylvania is distinctively a Republican State. Its great industrial prosperity is largely due to the Republican policy of protection, and the great manufacturing Pittsburgh district, of which Charleroi is a part, is one of the chief beneficiaries. Both our United States Senators are experts in tariff affairs and in manufacturing, and with no factional disturbances in the management of State affairs, unwonted prosperity should be in store for the people of the Commonwealth.

Electric Sparks.

Now that we've found out that theatre-going is consistent with the Christian profession, provided that the plays are the right kind, it is up to us to see that the immoral and un-elevating ones are killed.

The doings at the ball park yesterday are nothing to the antics that the fellows will cut when they get down to good hard work.

A good many people if they could get their names in the papers like some of the school children in this section, by merely attending the school sessions every day, would go for a life time.

Whew, and again whew. Just think of the record the Pennsylvania made in the past month, ninety-eight per cent. of the trains made schedule time in their runs. Well, we don't know what the company's all right after all. However, we would praise them more if they would start building our new station tomorrow.

Some fellows haven't got their new suits yet, because they want to know whether the style is to be cuffless trousers or not.

Railroad Must Fix Road.

Judge Taylor decided in court that the Pittsburgh, Monongahela and Southern Railroad company, a subsidiary concern of the Pennsylvania, must repair a road in East Bethlehem township, which it appropriated in constructing a road. The court orders payment of damages to the township, and requires the railroad to give bond for the maintenance of the road.

Sunday School Class Organizes.

The Adelpian Bible class of the First Christian church, of which Miss Belle Parsons is teacher, held a meeting last night in the study of the church for the purpose of effecting a regular class organization. A constitution was adopted and committees appointed for regular and effective work. The class is composed of young men who take a most active interest in the work.

The Pyrophore.

A living light, called the pyrophore, makes illumination cheap and convenient in Brazil. The pyrophore is a monster firefly, an inch and a half long. With one it is possible to read fine print, and three will light a room. The pyrophore, which is attracted by night the perilous forest paths of his country, fastens to each shoe a pyrophore. Thus illuminated, he has no difficulty in avoiding poisonous snakes, pitfalls and wild beasts. The Brazilian coquette fastens in her hair or her corsage a pyrophore incased in white tulle. The effect is as of a great luminous pearl or opal. When a pyrophore's light goes out it is not necessary to fill him up with oil, to drop a coin in him or to throw him away, but a moment's ducking in cold water suffices. Thereafter his three little lanterns, one on the breast and two on the back, emit again as bright a radiance as ever. The pyrophore, as all nature students know, is called vulgarly cuengo, but scientifically the name is Coleoptera serricornis sternose elaterides.—Cincinnati Enquirer.

AFTER SUFFERING TEN YEARS

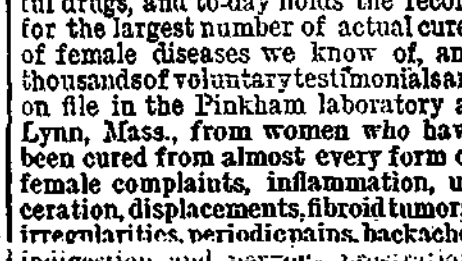

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life.

I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound, so I began to take it, and am well again and relieved of all my suffering.—Mrs. George Jordan, Box 40, Marlton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Have
You
Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Gardiner, Maine.—"I was a great sufferer from a female disease and weakness. The doctor said I would have to go to the hospital for an operation but I could not bear to think of it. Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. S. A. Williams, R.F.D. No. 14, Box 39, Gardiner, Me.

So. West Harbor, Me.—"I suffered for years with painful periods, backache, headaches, nervousness, irregularities and inflammation. I consulted two physicians and one advised me to have an operation.

"I was completely discouraged when I decided to try Lydia E. Pinkham's Vegetable Compound, and it has made me a well woman. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Lillian Robbins, South West Harbor, Me.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

THE EDUCATED FISH

An Interesting Toy That Any Clever Boy Can Make at Home.

Are you fond of making your own toys? If so, here is an interesting one for you to work on.

First empty a raw egg by means of two pin holes, one at each end, and then blow through one end. Seal the hole at the point end of the egg and draw two large round eyes at that end of the eggshell. Prepare a little bag with two red flannel flaps in the shape of the body and tail of a fish. Weigh this with shot and place one-half of the egg in the opening, the small hole in front of the egg being hidden in the bag. Fasten the edges of the sack to

DETAILS OF FISH TOY.

the egg by means of red sealing wax, and, lo, a fish is formed—a fish that can swim and dive in a jar of water.

The jar must be closed by a thin rubber cap, and if you press this cap with your hand the water (the jar must be full) will force its way up the empty shell, and by increasing or decreasing the pressure with your hand you can make it appear as though the fish were obeying your command to swim up or down or to lie quiet—Magical Experiments.

OLD TIME GAMES.

Children of Today Enjoy Same Sports as Youth of Long Ago.

The boys and girls of the present day who become enthusiastic over the newest games would be surprised if they could discover how closely many of the old time pastimes resemble our own, says the Chicago News.

The Eskimos of the frozen north, the Aztecs of the Mexican jungles, the gamblers of the Paris streets, the boys and girls of London, of Boston and of Philadelphia, have one kindred tie—the love of sport. There is nothing new under the sun, said the wise man, and especially is there nothing new in youthful games.

Archaeologists have found dolls in Egyptian pyramids and of prehistoric tombs, the name of a popular ball club was found scratched upon the outer walls of Pompeian houses, and one of the most exciting matches on record was the one stubbornly fought between the rival lines of Montezuma, king of Mexico, and Nezahualpilli, king of Tezcuco.

The boys of ancient Greece and Rome played at wild top, and quills, and baseball, and pitch penny, and blind man's buff, and hide and seek, and jackstones, and follow my leader. Just as do the boys of today. The girls were experts at sewing, and swigging, and dancing, and grace hoops, and dice throwing, and ball play, and in Sparta even at running, wrestling and boxing. Tugging is as old as ice and snow, and when you play at cherry pits you are only doing what Nero and Commodus and young Themistocles did ages ago in Rome and in Athens.

Facts Worth Knowing.

There are 274 languages. Envelopes were first used in 1820. Telescopes were invented in 1590. The first steel pen was made in 1820. Watches were first constructed in 1470.

The first iron steamship was built in 1830.

The first lucifer match was made in 1829.

Gold was discovered in California in 1848.

Cosches were first used in England in 1569.

Modern needles first came into use in 1545.

Kerosene was first used for lighting purposes in 1820.—Philadelphia Ledger.

Riddlemeec.

Why is the letter S like thunder? It makes "our" cream "sour" cream.

Why are records brittle things? Because they cannot be lowered without breaking.

Why when you paint a man's portrait may you be said to step into his shoes? Because you make his feet yours (features).

When is coffee like soil? When it is ground.

Why cannot a person starve on the beach in Atlantic City? Because of the "sand-which" is there.

Wonder-Heart.

"I wish I knew," said Wonder-Heart.

"It leaves begin to whisper. A little bit before they lit.

Out of their sky forever. If some look down and sob, 'Too deep!'

While others laugh and take the leap. Till all come rocking, white as sheep.

On mountain, field and river.

How do they feel when first they start? I wish I knew," said Wonder-Heart.

ECZEMA LODGES IN THE SKIN

Not a Blood Disease—Cured by Oil of Wintergreen Compound

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen, thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take away the itch at once; soon the scales drop away and the disease disappears. The prescription has now been used so long as to have proven its absolute merit and we do not hesitate to express our confidence in D. D. D. Prescription as used with D. D. D. Soap.

LOCAL NOTES

Brief Mention of People and Events in this Community.

Watch Charlotte Holmes, of the Liliputian shows.

Mrs. G. G. Kerr and son have gone to Dickerson Run, Fayette county where they will be the guests of Mrs. Kerr's parents.

Mrs. John Coulter is spending the day in Pittsburg, transacting business.

Miss Sarah Booth is a Pittsburg visitor today.

Thomas Clohan of Wheeling, W. Va., is here spending a few days with friends.

Rev. Wellington G. Carl, who recently assumed the pastorate of the First Baptist church at Monongahela, visited friends in Charleroi yesterday.

Marino Cappellini, the 8-year-old son of Armando Capillini, who is employed at the barber shop at 533 McKean avenue, fell from a passing wagon on which he had clambered yesterday evening, and the wheel of the vehicle passed over his body. The lad was carried into Regan and Hormell's plumbing shop, and Dr. Edwin McKay was called. The latter found the boy to be somewhat bruised but not seriously injured.

The Liliputian Cantata.

This is a juvenile fairy opera in three acts which will be presented at the School Hall on April 22 and 23 by 200 of our most talented young people. We wish to call special attention to the \$500.00 worth of special scenery which is brought here for this production comprising 16 drop curtains and set pieces. The first act represents the deck of a steam yacht, painted in brilliant colors. During the action of the play the effect is heightened by the display of naval signal flags, including the celebrated signal, "Remember the Maine," the second act introduces a submarine scene, a new and decidedly magnificent spectacle, showing the bottom of the ocean and diver in full diving costume, in combat with a large shark. The third act represents a dreary cave which at the arrival of a fierce dragon is transformed into Aurora's sparkling grotto. The pretty story is told in verse and by means of twenty bright catchy musical numbers. It is clean and morally pure, sparkling with pretty situations, brilliant music, and is delightfully sweet in its simplicity, all with calcium light effects and changing colors. Get your tickets early.

Big Revival at Monongahela.

Under the auspices of the ministerial association, a series of evangelistic meetings started at Monongahela Sunday. The rink has been fitted up for an auditorium, and the services of two noted evangelists secured for the campaign. These are Messrs. Davis and Mills, the first of whom is a preacher of great power, while the latter is a singer of rare talent. It is expected that the series of meetings will result in a big impetus of church work and influence in Monongahela.

Whiskey is a good friend but a poor master. Used in moderation it cheers, inspires and strengthens men. In this gray world why may we not touch elbows with our neighbors occasionally in a social glass? Why may we not make reasonable use of that prince of whiskies, I. W. Harper. Sold by W. H. Zellers. 20513wtf

Rev. Carl Back in the Valley.

Rev. W. G. Carl, pastor of the First Baptist church in Monongahela, entered upon his work there Sunday. Rev. Carl was formerly of the First Baptist church of Charleroi, and has many friends here who are glad to see him return to the community. His last pastorate was at Kane, Pa.

Pour boiling water on a Chi-Namel floor: wash it with soap, scouring soap if you want to. It won't turn white nor lose its gloss. Chi-Namel is for use as well as beauty. Porter.

Mrs. George Porter, aged 29 years, died at her home in Atlanta, Georgia, yesterday afternoon at 3:25 o'clock, after a several months illness. The news was received in Charleroi this morning. Mrs. Porter was the daughter-in-law of Mr. and Mrs. John Porter of Washington avenue. Upon hearing of her severe illness Sunday Mrs. Porter left for Atlanta, but did not arrive before the death of the former.

The Timidity.

Her Mother--Mabel, dear, do you ever feel timid about asking your husband for money?

The Bride--No, indeed, mamma, but he seems to be rather timid about giving it to me. Exchange.

SEVERAL ENTER PLEAS

Sentences of Fines, With Costs and Many Days in Jail Imposed.

Robert Rose and William Duvall of Charleroi entered pleas of guilty yesterday at Washington to larceny. They were charged with stealing several chickens and a turkey from the slaughter house of J. C. Lowstutter. The defendants denied stealing any of Mr. Lowstutter's chickens, but admitted the theft of seven other chickens from another party. They were each sentenced to pay the costs, a fine of \$1 and undergo imprisonment in the county jail for 60 days.

Gabor Petros and John Korpes admitted the charge of assault and battery. The private prosecutor was M. J. Kelly and the trouble occurred on a train between Monongahela and Ellsworth, when the defendants insisted in sitting on Kelly's lap. They said Kelly struck them first and then they struck back, and a fight started. They were sentenced to pay the costs, a fine of \$1 and undergo imprisonment in the county jail for 60 days.

James Kariou, an elderly man, plead guilty to the charge of malicious mischief. While drunk he entering a yard in West Brownsville broke up some flower pots, and otherwise damaged the premises. He was sentenced to pay the costs, a fine of \$1 and go to jail for 30 days.

William Harrison of Westland entered a plea to the charge of keeping a disorderly house, the private prosecutrix being Annie Davis. He was fined \$1 and costs, and sentenced to jail for 30 days.

Beallsville.

Mrs. Carey Walker and daughter, Miss Millie, of Colerain, Ohio were guests of Mrs. Rachel Odbert, Friday. Sheilbazzar Richardson and Mrs. Jane Johnston of Kansas City, are visiting relatives and friends in this section. Mr. Richardson moved from Bentleyville to Kansas City 25 years ago, and this is his first visit to his native county since. It has been 13 years since Mrs. Johnston visited this section. Both note many changes, especially in Bentleyville. They will remain for about two weeks.

George Jenkins, State engineer, on the new Sprout road, has returned to his work after an absence of several months. He is accompanied by Engineers MacGinnis and Collins. Work has been started on Peterman's hill, north of this place, the grading and filling being done. After this has been completed the work will be on the Beallsville-Bentleyville road.

Mrs. John Gettman was the guest of friends at Monongahela, Saturday. Mrs. William Marker, of California, visited among Beallsville friends, Friday.

Mrs. Terrence Keegan was a visitor at Washington, Friday.

Mr. and Mrs. C. S. VanVoorhis who spent the past winter in Florida, have returned and are guests of Mr. and Mrs. A. M. Hosac of Scenery Hill.

S. B. Mitchell of Magnolia, Putnam county, Illinois, after spending several weeks with his sister, Mrs. Julia A. Hough of this place, is visiting Dr. W. W. Sprowls of Houston. Mr. Mitchell was born at Bentleyville where he spent his early life. He removed to Illinois in 1857 and has been a resident of that State ever since. Mr. Mitchell was a full cousin of the late United States Senator, John H. Mitchell, of Oregon, who was also born in this neighborhood.

Funeral services over the remains of George Reuben Smith of Centerville borough, were held in the Beallsville M. E. church on Sunday. Interment was made in the Beallsville cemetery. Mr. Smith died Thursday night of blood poisoning, caused by a briar. He was 59 years old. He is survived by his wife and several children.

Mrs. James Layburn, Sr., of Canonsburg, is visiting her daughter, Mrs. George Hinton, Main street.

Mrs. Emma Vernon spent Friday with her daughter, Mrs. Keys, of Charleroi, who has been ill for several weeks, but is now improving.

J. A. Odbert of Charleroi, and Mrs. Isaac Cleaver of Indianapolis, Ind., visited the latter's mother, Mrs. C. H. Keys, Sunday.

Miss Irene Greenfield of Odell, is visiting her grandparents, Mr. and Mrs. Eli Greenfield, of this place.
